## OFFICE OF THE INSURANCE COMMISSIONER

Report of the Examiner appointed by the Hon. Sam P. Davis, to make an examination into the accounts and business matters of the Fraternal Brotherhood, a fraternal organization having its offices and headquarters in Los Angeles, Cal., has been placed on file in the controller's office of this state.

The expert accountant in the investigation was Harry Foster of Los Angeles.

This report shows that the order is solvent, has sufficient assets to meet the liabilities and is in a flourishing condition.

The assets together with the amount of money in the hands of Lodge Treasurers amount to \$200,000.

While the expense in the past, has been large, the commissioner has received statements from the president of the order showing that these expenses have been reduced in an amount equal to \$2000 per month. He has also received the statement showing the benefit fund as receiving interest on the sum of \$75,500, at 4 per cent, the sum loaned by the benefit fund to the general fund, for the purpose of buying a lot, and for the construction of a building, installing a printing plant, etc., now used by the order for general offices and lodge purposes.

Certain recommendations were made by the deputy commissioner. He required that surplus funds should be invested in government, municipal or other securities and bonds. This had not been done in the past. The commissioner has received a list of municipal and other bonds aggregating \$25,000 with the promise that the executive council of that order will invest the surplus funds in bonds of this character.

Additional investments to the extent of \$3000 a month are also being made for the benefit of the permanent reserve fund.

The list of bonds furnished shows that they are bearing interest from 4 to 6 per cent. In addition to this, the savings banks where the order has money on deposit drawing interest, are required to advance bonds as security for the amount of such deposit. This makes a double protection for the funds of the order in the savings banks, and as the bonds are salable in open market, are protection in case of panic or bankruptcy in any bank in which funds of the order may be deposited.

The fact that an officer of the order is also connected with the Central Bank of Los Angeles does not impress itself on the Commissioner as a good business proposition when it is shown that the deposits of the order, averaging \$30,000, drawing no interest. If the bank is not willing to pay the order reasonable interest for the use of this money it should be deposited elsewhere or a portion of it invested in bonds.

A new system of handling field agents, now in operation, will reduce expense and promote efficiency.

The commissioner has extended the time for complying with the findings of the report, until Jan. 1, 1907 at which time the books will be scanned for final decision as to the findings in the report.

The full report will be published at that time.

SAM P. DAVIS, State Controller and Ex-officio Insurance Commissioner.

## PROPOSALS FOR BIDS

Building contractors are hereby notified that the plans and specifications of the Mackay building for the school of mines will be ready for inspection at the office of the Board of Regents at Reno, Nevada, from and after Wednesday, July 11th 1906. It is desired by Mr. Mackay that the contractors submit sealed bids for the erection of said building, according to the plans and specifications, on or before 10 o'clock a. m. Saturday, July 25, 1906.

These sealed bids will be forwarded to architect William S. Richardson of the firm of McKim, Mead and White, architects, New York City, who has been entrusted by Mr. Mackay with the responsibility of letting the contracts for the building and the erection of the same. Each bid should be accompanied by a certified check for \$500, as evidence of good faith on the part of the contractors. Mr. Richardson reserves the right to reject any and all bids.

OSCAR J. SMITH, Chairman of the Board of Regents  
GEO. H. TAYLOR, Secretary of the Board of Regents  
July 4, 1906.

## \$100,000.000 WANTED

"A hundred million dollars for reclamation" is to be the slogan of the fourteenth national irrigation congress, to be convened at Boise September 3 to 8, 1906. The funds provided under the present law has served to start the work and demonstrate that the loan made by the national government is based on absolutely good security, and all will be repaid by the settlers benefited. It will require fifty years to complete the work undertaken with the present funds available, and a campaign for a further loan will be inaugurated to the end that all the lands possible of reclamation may be made productive during the present generation.

Lightning struck Mrs. T. E. Riley last evening in Reno while she was standing near a stove and stunned her badly.

Miss Bender of Reno, is visiting Miss Emmitt at her home on south Minnesota street.

Theodore Winters, who has been suffering from a severe cold, is not improving as fast as his friends would like and they are anxious as to the outcome of his indisposition.

The "Delamar Lodge" has moved its plant to Caliente and will be issued from that place in future.

Eugene L. Williams announces himself as a candidate for the bench in the second district.

A number of Carson City people are interested in the new district in and around Luning. Much work is being done with good prospects.

FOR SALE—Large second hand, Brussels carpet. Inquire of F. W. Day.

## HAVE YOU EVER NOTICED THIS

The two sides of a persons face are never alike. The eyes are out of line in two cases out of five, and one eye is stronger than the other in seven persons out of ten. The right ear is also, as a rule higher than the left. Only one person in fifteen has what may be called perfect eyes, the largest percentage of defects prevailing among fair haired people. Eyes make or mar a face; the other features may be ever so comely, a pair of weak, red, inflamed or twitching eyes will spoil its beauty.

Properly fitted and adjusted glasses cure most of these troubles by removing the cause. Examination of your eyes and consultation free. Dr. Goldberg, Graduate Refractionist, at the Park Hotel. J7t12

The old Aurora Star mine has been found near Nigger Davis Springs, about 15 miles east of Aurora. The old Star was worked in early days, but was a lost mine for years. Good ore and plenty was found in the old mine.
